About Yukti Engineering

Yukti Engineering is a leading precision manufacturing company established in 2010, specializing in high-speed CNC & VMC machining of casting and forging components, precision assembly, and the production of high-complexity engineered components. With over a decade of manufacturing excellence, we have built a reputation for delivering high-quality, reliable, and cost-effective solutions to customers across various industries.

We specialize in manufacturing precision parts for the Automotive, Aerospace, Water Pump, Valve, Industrial Machinery, Engineering Equipment, and General Manufacturing sectors. We also undertake custom CNC machining projects based on customer drawings, samples, and specifications.

Our state-of-the-art manufacturing facility is equipped with advanced CNC Machines, VMC (Vertical Machining Centers), Drilling Machines, Tapping Machines, Surface Finishing Equipment, Inspection Instruments, and other modern production machinery, enabling us to manufacture components with exceptional accuracy and consistency.

As an ISO 9001 Certified Company, Yukti Engineering follows strict quality management procedures throughout the manufacturing process, ensuring that every component meets the highest standards of precision, durability, and performance.

Why Choose Yukti Engineering?

- Established in 2010
- ISO 9001 Certified Company
- Advanced CNC & VMC Machining Facility
- Experienced Technical Team
- High Precision & Tight Tolerances
- Competitive Pricing
- On-Time Delivery
- Customer-Focused Approach

Industries We Serve

- Automotive
- Aerospace
- Water Pumps
- Valves
- Industrial Equipment
- Agricultural Machinery
- General Engineering

Our Manufacturing Capabilities

- High-Speed CNC Turning & Milling
- VMC Machining
- Precision Component Manufacturing
- Complex & Critical Machined Parts
- Custom CNC Machining Solutions
- Assembly Services
- expertise in machining raw casting and forging(CI, SGI STEEL, ALLOY FORGING)
- Reverse Engineering Solutions
- Quality Inspection & Testing
